ARE YOU PREPARED FOR AN EMERGENCY?

DOUGLAS COUNTY IS ASKING YOU

Douglas County Emergency Management is collecting data to find out how prepared our community is for a disaster!

WE NEED YOUR HELP!

Douglas County Emergency Management has formed a team of staff and volunteers who may come to your home, and ask how ready your household is for an emergency or disaster.

- **All responses are confidential. We will not ask for your name or any identification during the survey.**
- **Teams will be clearly identified with lanyards, badges, vests, and bags that say CASPER (Community Assessment for Public Health Emergency Response).**
- **The results will help us improve the County's emergency preparedness and response plans.**

We will be surveying neighborhoods between: May 13th and May 17th
