APPLICATION SUBMITTAL REQUIREMENTS

For Sign Permit

Please provide a complete application along with two (2) complete sets of plans, drawn to an approved scale (1/2" or 1/4") on minimum 11 x 17 paper. The plans must include the following:

- Site plan, drawn to scale, (1"=10', 20' or 30') showing all property lines, street frontage names, existing buildings, location of sign on building or on property, connection to power source and electrical routing, if applicable (state whether or not sign is electrical on the application). Also provide location and square footage of all existing signs on the property.
- Elevation of the sign, showing distance from ground to bottom of sign, location, size, total square footage, materials to be used (plywood, plastic, etc.), and colors proposed. Provide an electrical diagram showing disconnect, if applicable. Also provide structural details such as how the sign is fastened to structure (size of bolts, bracing, etc). Include structural calculations, if applicable.
- Show location, size and total square footage of all existing signs on lot and/or structure.
- For freestanding signs, provide sign height (from grade level to highest point of sign) and footing detail.

EXAMPLE:

PURSUANT TO TITLE 20 OF DOUGLAS COUNTY CODE Section 20.820.030B

All plans, specifications, reports and other documents prepared by a registered professional must be stamped or sealed and wet signed in accordance with Title 20 and state law. The architect or engineer of record shall take responsibility for all architectural components and must wet stamp and sign all associated plans.

All Architects, Engineers, and Contractors shall be licensed in the STATE OF NEVADA
