

# How to Search for Pending Applications as a Public User

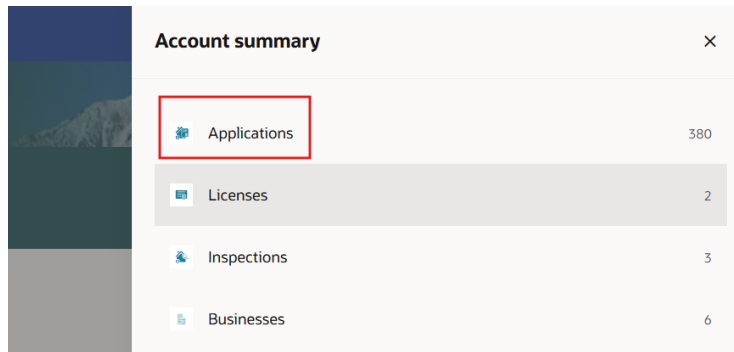

1. Sign in to OPAL.

<https://ibaxqy.fa.ocs.oraclecloud.com/fscmUI/redwood/license-permit-self-service/public-user/home>

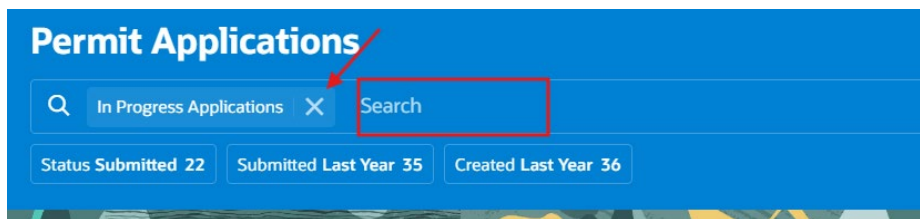

2. From the land page, click on **Account Summary**.

3. Click on **Applications**

4. Click on the **“X” to remove “In Progress Application”** and type **pending** in the search area

5. If you have any pending applications, they will display. **Click on the one you want to continue.**
